Professional Advocacy

What is Advocacy?

- Safeguarding people who are vulnerable and discriminated against or whom services find difficult to serve.
- Empowering people who need a stronger voice by enabling them to express their own needs and make their own decisions.
- Enabling people to gain access to information, explore and understand their options, and to make their views and wishes known.
- Speaking on behalf of people who are unable to do so for themselves.

WHAT IS PROFESSIONAL ADVOCACY?

Professional Advocacy is provided by both paid and unpaid advocates.

It aims:

- to support people to represent their own interests,
- to represent the views of individuals if the person is unable to do this themselves,
- to provide support on specific issues,
- to provide information NOT advice,
- to provide short or long term support.

Advocates will support several people at any time.

Other types of Advocacy?

- Citizen Advocacy
- Group/Collective Advocacy
- Peer Advocacy

Advocacy is about standing alongside people who are in danger of being ignored.

Advocacy is a process of helping people have their say and increase their confidence.

All forms of advocacy aim to promote self advocacy in their work and would view this as the ideal form of advocacy.
